\$20,000 IN SCHOLARSHIPS

Tennis Central provides community service, leadership, and employment opportunities to high school youth and thousands of dollars in college scholarships each year.

As a non-profit organization, Tennis Central is unique in that we have an all-volunteer Board of Directors, have no membership dues, and rely on grants, donations, and fees for revenue. The contributions of time, in-kind and financial generosity of the Lancaster community and organizations at large assist us in serving under-resourced children in our programs. We are grateful for this support throughout our 30+ years of service to promote and grow tennis in Lancaster, PA.

Please help us reach our goals to strengthen the under-resourced youth in our community through tennis and education. Please tell your friends and family members about the important work we do and ask them to join us in helping to make a difference. Your gift will help us carry out our mission to grow the game of tennis by implementing programs, events, and activities, for both juniors and adults, regardless of race, creed, or color.
